As a result of the hearing held on December 18, 2015, I am upholding the Cessation Order MN-2014-68-02 and FTACO MC-2014-68-03. I am also holding the FTACO fine of \$22,500 in abeyance until the end of January, 2016.

The FTACO fine will be withdrawn by the Division if one of the following happens to the Division's satisfaction by January 31, 2016:

- a: The area is reclaimed to fit within the approved 5-acre footprint or:
- b: The area is reclaimed to a 10-acre footprint with approved NOI change and bond.

If neither a nor b is completed to the Division's satisfaction by January 31, 2016, the FTACO fine of \$22,500 will be reinstated and due payable to the Division within 30 days from that date.

The CO fine of \$3,630 is upheld and must be paid to the Division within 30 days from today.

Dana Dean, P.E.
Associate Director - Mining
Utah Division of Oil, Gas and Mining
